~~— NZS 8134.0:2008 Health and disability services Standards — Health and disability services (general) Standard;~~

~~— NZS 8134.1:2008 Health and disability services Standards — Health and disability services (core) Standards;~~

~~— NZS 8158:2012 Home and Community Support Sector Standard; available at <http://www.standards.co.nz/>.~~

~~2 — Candidates' practice must reflect appropriate values, processes, and protocols in relation to working with Māori and Pacific peoples and/or people from other cultures, in a range of settings and environments.~~

### 3 Definitions:

- ~~— Condition:— a state relating to a person's health and functional status usually related to a specific illness, disease or disability. Examples include but are not limited to— asthma, depression, diabetes, hypertension, congestive heart failure and/or other heart conditions, respiratory disease, epilepsy, Parkinson's disease, multiple sclerosis, obesity, stroke, COPD, chronic wounds, other complex, terminal and/or life limiting condition.~~
- ~~— COPD— chronic obstructive pulmonary disease.~~
- Health or wellbeing setting includes but is not limited to:— the aged care, acute care, community support, disability, mental health, rehabilitation, social services and youth development sectors.
- Health professional refers to a person who is registered with an authority (which is appointed by or under the Health Practitioners Competence Assurance Act 2003) as a practitioner of a particular health profession to deliver health services in accordance with a defined scope of practice.
- Inter-disciplinary team refers to a grouping of healthcare professionals with different skillsets who can provide holistic care for a person.
- ~~— Organisational policies and procedures: policies, procedures, and methodologies of an organisation. They include legislative and regulatory requirements which may apply across an organisation, a specific site, or a workplace. Requirements are documented in organisational health and safety plans, contract work programmes, quality assurance programmes, policies, and procedural documents such as job descriptors and employment contracts.~~ Organisational policies and procedures— policies, procedures and methodologies of an organisation. They include legislative and regulatory requirements which may apply across a company, a specific site, or a workplace. Requirements are documented in the company's health and safety plans, contract work programmes, quality assurance programmes, policies and procedural documents and codes of ethics.
- ~~—~~
- Person:— a person accessing services. Other terms used for the person may include client, consumer, customer, patient, individual, resident, service user, tūroro, or tangata whai ora.
- Personal plan:— a generic term that covers the individual or group plans (which may also be referred to by other names) that are developed for people receiving support (and may include their family and /whānau as appropriate).

4 People awarded credit for this unit standard must work under the guidance and delegation of a senior health professional in accordance with own role and responsibilities, and organisational policies and procedures.

5 Candidates' practice must reflect appropriate values, processes, and protocols in relation to working with Māori and Pacific peoples and/or people from other cultures, in a range of settings and environments.
